What adventures have we been on this week?

Week beginning 23/11/26

Book of the week— *What's in the Witch's Kitchen*

Rhyme of the week— *Hickory Dickory Dock*

Maths

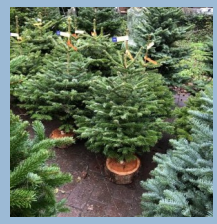
In our maths, we continued developing our understanding of numbers to 5 through fun, hands-on activities. We practised counting objects, recognising that the last number counted tells us how many there are altogether, and saying numbers in the correct order. We also explored how numbers increase by one each time, using blocks and other practical resources to build and order quantities. We used positional language such as first, second and third during our activities and everyday routines.

Reminders

Please label all clothing and belongings. If having a school dinner, please order via theTeachers2parents app.

Our Adventures

This week in PE, we talked about what helps us to stay healthy. We discussed the importance of exercise and getting enough sleep and took part in activities that helped us think about how we can look after our bodies. During Forest School, we collected twigs and sticks to make Christmas stars for our classroom. The children carefully used twine and ribbon to wrap around the sticks and tie them together, creating some beautiful festive decorations for our classroom. In My Happy Mind, we talked about the things that make us special and unique. The children enjoyed sharing their ideas and celebrating what makes each of us different. We have also been very excited about our trip to collect the Christmas trees. The children enjoyed learning about Christmas trees and had great fun choosing the trees for our school. We are looking forward to seeing them decorated and helping to bring some festive cheer to our school environment. We have been continuing to practise our Nativity songs, we are very proud of all of the children's hard work.



Literacy

This week, we have been working hard with our handwriting with lots of fine motor activities and moving our bodies in different ways. We continued exploring *The Star in the Jar* by Sam Hay. We looked at the different parts of a story and made a story frid of the different parts of the book. In Helicopter Stories, we imagined our own stories to act out with our friends.
