Autumn Two

In this half term...

This half term our curriculum subjects will include Science, R.E, Geography, PSHE and DT. We will begin the term by learning about 'Our Local Area' in Geography. We are already experts! In R.E our key question will be 'Why is Jesus special to Christians?' Our DT learning will be focused on mechanisms and games that involve these. In Science we will be carrying on learning about Animals Including Humans. During our PSHE we will be carrying on looking at relationships that we have and how these may be similar and different. In English we will be basing our learning around the story of Harry the Happy Mouse. During our Maths sessions, we will be really starting to dig into number. Alongside this, we will be continuing to move through our new 'Number Sense' scheme that will give our pupils an incredibly secure understanding of number and number facts.

PE Days

Wednesday and

Friday

Upcoming Events

19.11.26 Odd Socks Day

27.11.26 Goldbook

4.12.26 Christmas activity day

What are we Reading?

This half term we are reading 'Supertato'. Feel free to send in any fruit and veg related books that you have; or, any books that you enjoy as a family so that we can enjoy them as a class. We promise to send them home as soon as we have read them.
