# Year 6 Arithmetic Homework

Given out: Friday 27th November 2026
Tested: Friday 4th December 2026

This week's Arithmetic focus is **percentages of amounts.**

We will be working on this topic in our Basic Skills sessions over the next week, but it is important that you revise at home.

This week, you will need to use your knowledge of finding 10% and 5% to find multiples of 5%.

Complete the examples and bring this sheet back, along with your spellings.

## Questions:

1. 5% of 60 = _____
2. 35% of 400 = _____
3. 55% of 200 = _____
4. 65% of 80 = _____
5. 85% of 300 =_____
6. 95% of 40 = _____
