Year 6
Spring 2 & Summer 1

History

Children will reach informed conclusions about the events of WW2 and compare them to the current changes in society.

Children will explore the impact WW2 had upon society both positively and negatively.

Children will explore the use of propaganda in WW2 – both primary and secondary sources including art and literature from both allies and axis sources - and discuss their reliability.

Children will know significant dates for WW2.

PSHCE

Children will continue to explore the theme of 'Changes' in preparation for their upcoming transition to High School.

Maths

Children will continue to work through the Maths No Problem Curriculum focusing on data handling, position & movement and Algrebra

English

Children can plan, redraft, write and edit a descriptive narrative which includes dialogue that moves the story forward and focuses on characterization.

Children can plan, write, redraft and edit a flashback linked to The Blitz.

Children can plan, write, redraft and edit an explanation text on how the Brits survived The Blitz.

Children will revisit previously taught features of writing.

Science

We will describe how living things are classified into broad groups according to common, observable characteristics and based on similarities and differences including micro-organisms, plants and animals. Give reasons for classifying plants and animals based on specific characteristics.

Geography

Children can locate countries and cities on a map whilst also locating significant events and places in the war to show the scale of it being a 'WORLD' war due to the assistance from allied countries and how boarders changed.

Art

We will explore the work of the artist Henry Moore. We will build upon our existing drawing skills focusing on sketching and begin to look at using different materials for creative effects within painting such as using wax resist methods alongside watercolours.
