St Wilfrid's Catholic Primary School

Facts and figures used on recent OFSTED inspection.

As some data was not available at the time of the inspection the school and pupil context at the back of the report is lacking in detail. Some detail such as statutory assessments are not confirmed until November but as we haven't requested any remarks, the data we have, won't change. The 2026 data is below and also on our website under the Information tab.

On the report the R means restricted, ie it is not publicly available yet. I have filled in those gaps below.

On the report the S means suppressed which is when the sample is so small (1 or 2 children) that percentages are not a reliable indicator for comparison.

All pupils' performance – Year 6 July 2026

The percentage of pupils meeting the expected standards in a COMBINED READING, WRITING and MATHEMATICS measure.			
Year	**This school**	**National average**	**Compared with national average**
