

Spring Term 2022 - Year 3 - Homework

Let's Go : Magical Adventures Await!

Here is a selection of activities that will deepen your child's understanding of the topic work they will be undertaking in class. We are asking all families to commit to completing a minimum of four activities over the course of the term (from now until Easter). These can be done in any order and at any time. These activities will be in addition to the weekly spelling, maths and reading each teacher will set. To help, we have tried to overlap some of the suggested tasks and activities so that you can complete them as a family.

As Readers & Writers...

- Collect a list of children's books and stories that involve the characters living in or travelling to other worlds or places. How many can you read?

As Mathematicians...

- How many steps is it from your house to school? You could even measure the length of one of your strides and calculate the distance in metres/centimetres!

Special Events...

28.1.22 - International LEGO Day
29.1.22 – 5.2.22 - National Storytelling Week
1.2.22 – Chinese New Year – Year of the Tiger
4.2.22 – 20.2.22 – Winter Olympics in Beijing
17.2.22 – Random Acts of Kindness Day
27.2.22 - International Polar Bear Day
1.3.22 – Shrove Tuesday & St David's Day
17.3.22 – St Patrick's Day
27.3.22 – Mothers' Day

As Scientists...

- How many scientists come from the same city/country/continent as you?
- If you could make a scientific discovery that would help to save the planet, what could it be?

As Historians...

- Can you use your learning about the Stone Age to create a Stone Age shelter? or
- Can you create a Stone Age tool?
- Try and make it as realistic as possible!

As Geographers...

- Where have you travelled in the world? Maybe the UK or further!
- Where is your favourite place in your local area?
- Can you create a postcard or poster for a place you have been?

As Designers...

- Design your very own Travelling Machine!
- It could travel through the air or on land or water – it could even travel to space or through time. The choice is yours!

As Artists...

- The dictionary defines 'adventure' as an unusual, exciting or daring experience.
- Create a piece of art that represents the word 'Adventure' to you.
- Use any style/media you like.

As Linguists of the World...

- Find out about languages that are spoken around the World. Are there any that people in your family speak? Are there any languages you speak? How could you share this with your class?

As Computer Users...

- Use Google maps to look at the view of the area around your postcode.
- Investigate the different layers, terrain, traffic, public transport, cycling, street view. Which is your favourite layer and why?

In PSHE...

- Design your own island. What will it be called?
- What features will it have?
- Will your island have any landmarks?
- What are the rules for your island?

In RE...

- Can you create a map or story showing your life journey up to where you are now? It could contain special dates and events to you or your family.
- Choose your own way to present it

As Musicians...

- Create a playlist which contains a piece of music from every country in the United Kingdom, or
- Create a playlist which contains a piece of music from every continent
- Give a reason for each choice.

As Citizens of the World...

- The Highfield Pledge contains a list of things we think children should do before they leave Highfield.
- Can you create a family pledge with a list of 10 things that your family could try to achieve in 2022.
