

Year 4: Scrumdiddlymptious Homework

Pupils are expected to complete **two tasks per half-term**, chosen from the grid below. Work should be presented in the most appropriate way for the selected task. Homework must be ready to be presented to the class by **Monday 22nd May**. If you can think of your own idea related to our theme, you are more than welcome to do that too...

Create a poster/ Powerpoint presentation showing younger children how to look after their teeth.	Create a diagram or junk model the digestive system. Draw and label the different parts of the digestive system, including the mouth, oesophagus, stomach, small intestine, large intestine, rectum, and anus.	Create a beautifully presented healthy menu for a new restaurant.
Create your own comic strip to show the Hollinhey 'Magic School Bus' as it travels through Mr B-Ds digestive system!	Record everything you eat and drink for three days. Use this information to identify which foods are good/bad for your teeth.	Design and make your own healthy meal.
Write a song about the digestive system. You can use a popular tune or create your own melody. The lyrics should explain how the digestive system works.	Research the effects of sugar on teeth and create a presentation to share with the class. You can include tips on how to reduce sugar intake and promote healthy teeth.	Create a wordsearch using the names of the parts of the digestive system/teeth names.
If you have your own ideas related to our topic – feel free to complete your own task to share with the class
