

Super Starter

We will start our study theme by finding some eggs in our classroom.

Personal, Social and Emotional Development:

We will look at family trees – who is in my family?

Communication and Language: We will learn new poems and recite them in class. We will use new vocabulary throughout the day. We will articulate our ideas in well-formed sentences, to further develop a deep familiarity with our new knowledge and vocabulary.

Computing: As computer technologists, we will use the interactive whiteboard to create our own animal eggs.

For our RSHE:
British Values: Democracy
The Right to Learn

Articles: 28,29,31
No Outsiders enhanced with **P4C**

Literacy: We begin our study theme with our Pathways text 'The Journey Home' by Emma Levey. As readers, we will continue to read words with special friends and some new red (tricky words) words. We will begin to learn the set 2 speed sounds. As writers, we will continue to use Fred fingers to blend sounds to write short sentences. We will also be learning to re-read what we have written to check that it makes sense.

Understanding of the World: As scientists, we will learn about animals that hatch from eggs. We will monitor our eggs and their transformation into chicks. We will explore growth in vegetable plants / flowers. We will have our own sunflower competition.

Religious Education: As theologians, we will be engaging in the Christian concept Easter. We will be learning why Christians believe Easter is all about love?

Maths: As mathematicians, we will continue our learning using the Numberblocks, as we focus on numbers 9 and 10 and their composition. We will also look at number match with animals, counting animal legs and adding them together.

Physical Development: We will explore movement as different animals. We will travel across various equipment applying our skills of balance and coordination.

Fantastic finish
We will watch our eggs hatch and our chicks grow.

'New Life'

Pathways Text -The Journey Home

Otters' Class

Spring 2 2026

Expressive Art and Design: As a musician, we will be singing different songs linked to animals. As artists, we will make pictures using animal patterns and prints.
