Geography Fieldwork - New Brighton

Wednesday 6th May 2026

Dear Parents/Carers,

Our geography focus for the summer term this year is 'Why do our oceans matter?'. Part of our learning is about how we can help our oceans. To do this, we are going to visit New Brighton to carry out some mapwork and a litter survey to discover the types of litter polluting our marine environments.

The visit will take place on Wednesday 6th May 2026. As we will be leaving school at 8:40 am prompt, please can you ensure that your child is in school for 8.20am. We should arrive back at Excalibur by the end of the school day, and therefore you can collect your child as normal at 3.20pm. This will obviously be traffic dependent, so we will keep you updated.

The children will need to wear their school uniform and wear suitable footwear for walking. They will also need a bag that they can comfortably carry themselves. Please ensure that your child has sun lotion, sun hat/cap and a coat (depending on the weather), as we will be outside for most of the day.

Please can you provide your child with a packed lunch and a drink. No glass bottles or fizzy drinks.

The cost of the visit is £16.13 to cover the travel costs. As you know, we always ask for a voluntary contribution to help offset the cost of transport. Unfortunately, if this voluntary contribution is not met, then the visit may not be able to take place.

Please grant consent via ParentMail.

Yours sincerely,

Mrs Griffin and Miss McArdle
