

Home Learning in Year 1

We are very well supported by our parents and families and value your role in supporting the children at home. Year 1 home learning is based around reading with your child, weekly spelling homework relating to phonics, weekly activity relating to the curriculum (this changes each week e.g. handwriting, writing sentences, maths consolidation, science etc). In addition to this, please find below some tried and tested websites to support learning. Let us know how you get on – we love to hear your feedback!
