

Caterpillars learning

We love animals! Caterpillars class have been learning about all sorts of animals. Do you have a pet too? In our roleplay home we've got pet dogs to feed and walk too. We've been busy planting — our peas are starting to grow! We've been playing listening games and using musical instruments.

We are loving our stories every day and singing lots of songs. We love to play outside every day too and are feeling confident as we climb and balance.

Our next 'stay and play' session, will be on
Friday 27th March
at 10.45am and 2.45pm.
Everyone is welcome!

A big 'thank you' to Ruby's for visiting our school again.

Ruby's supports parents and children with additional needs

Butterflies learning

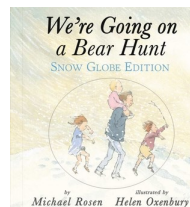

We're going on a Bear Hunt in Butterflies class!

We've been retelling this story with our own outdoor bear hunt and indoors with our story telling tray. We've been learning lots of new words to describe positions, places and directions too.

We have had lots of fun in our roleplay areas with a train station and now a garden centre.

We're working hard on our independence skills with lots of children putting on their own coats and using the toilet! Well done!

Do not park on the yellow zig-zags. Keep the children safe!

March Superstars!

- ♦ Junar - joining in the Bear Hunt story
- ♦ Emilia - making story maps
- ♦ Kevin - working so hard to write your name
- ♦ Sienna - a kind friend!
- ♦ Freddie - super listening at group time

We are proud of you all.

Superstars!

School closes on **Friday 27th March** for Easter holidays and reopens on **Monday 13th April**

Governor update

This term the Governors have been learning about the support we give to children with additional needs. As part of their school visits they have observed the different ways children can communicate; using gestures, body language and sounds, all early stages before speech. They have seen the care shown by the staff here. One Governor commented that "the tiny steps of progress are noted and celebrated by staff".
