

As well as using Dojo as a messaging service and a reward system we do also use it for the occasional electronic homework. Photos uploaded for this type of homework will be added directly to your child's Dojo Portfolio and will not be visible to other parents.

You can also use this tool to add any photos or videos from home that you would like to share with us. This doesn't have to be just for homework e.g. a sporting achievement, a special family event/celebration, a favourite story, or any work that your child is proud of and would like to share.

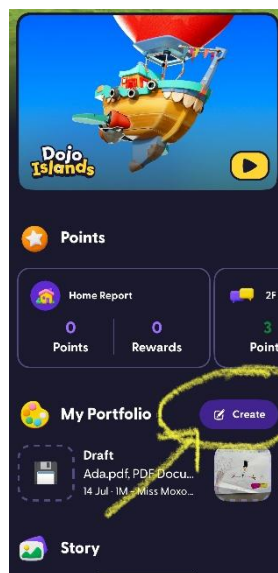

Please find below some instructions on how to do this. If you have any questions or problems about this please get in touch.

Kind regards,  
The EYFS Team

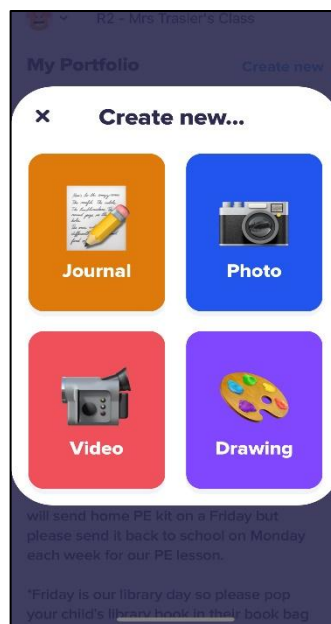

### 1. Click your child's name from the top right corner

### 2. Press create

3. Click what you would like to add/share.

4. Add a comment about your upload.  
This can be as brief or detailed as you would like.
