

LACEY GREEN PRIMARY ACADEMY

Year 6 - Summer 2 - Learning Overview

As Mathematicians, we will...

- Plan a holiday
- Compare climates of different countries and interpret line graphs and bar charts.
- Convert miles to kilometres and calculate the distance to be traveled to a range of destinations.
- Calculate which flights offer the best value for money. Compare the cost of flights from different airports and the price of transfers.
- Find the best deal for accommodation during the holiday.
- Carry out currency conversions to find out cost of activities and services whilst abroad.
- Look at time differences between different holiday destinations in different time zones around the world.

As Writers, we will...

write for a range of purposes, including recapping our recent residential

We will revise and build on...

- Knowledge of word classes
- Use of figurative language and colloquial phrases
- Use of short sentences to build tension.
- Use of specific vocabulary for effect
- Use of an appropriate style to recount and express feelings

As Readers, we will...

- Continue to develop our love of reading through reading play scripts and acting scenes
- Read with expression and fluency
- Make inferences about character feelings and motives.
- Use knowledge of play scripts to perform a play to an audience.
- Continue to read for pleasure from our library and school book collections.

As Spellers, we will...

- Learn some useful topic words ready for writing in secondary school
- Continue to develop our use of dictionaries
- Continue to proof read and correct spelling errors in our writing

As Scientists, we will learn about...

- The circulatory system, the heart, the blood, and the blood vessels carrying oxygen, nutrients, and waste around the body.
- The heart beats faster during exercise to pump more oxygen around the body in the blood.
- Exercise strengthens the heart muscle
- Drugs and how they affect how the body works

As Geographers, we will ask 'What are natural resources and why do we use them?' We will consider:

- how natural resources are distributed.
- how does the UK trade with the rest of the world.
- is global trade fair?
- how we can achieve sustainability.

LACEY GREEN PRIMARY ACADEMY

Year 6 - Summer 2 - Learning Overview

E-Safety

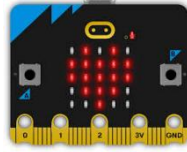

In PSHE we will...

- Learn about E Safety and the importance of staying safe online.
- Prepare for our transition to Year 7 by visiting our high schools and discussing the move into secondary education

As Artists, we will...

- Create sculpture using clay.

In Computing we will...

- Design, write and debug programs that control or simulate physical systems and solve problems
- Use logical reasoning to detect and correct errors in algorithms and programs
- Learn how controllers for games consoles work
- How to upload and download code to and from a microbit

As French speakers, we will...

- Learn how to order breakfast in a French café.
- Use the dialogue we learn to create a short film at the café.
- Continue corresponding with our French pen friends.

As designers, we will...

Use a combination of textiles skills such as attaching fastenings, appliqué and decorative stitches to design, assemble and decorate a piece of clothing for a chosen purpose.

Designer to research: Coco Chanel

As musicians, we will...

- Learn and perform songs for our end of term performance of 'Robin and the Sherwood Hoodies'.
- Sing with confidence and appreciation of dynamics and tone.
- Understand how to perform solos, duets, trios and harmonies.

In P.E., we will...

- Play rounders and badminton, developing our skills at both sports.
- We will also have the opportunity to go on our PGL residential at Boreatton Park.

In RE we will continue to consider the key question...

- What is the best way for a Sikh to show commitment to God?
