FROM MRS RAMAGE

This week at Robins Lane

On Monday, we welcomed visitors into school who spoke with a group of our pupils about safeguarding. We were incredibly proud to hear that all children said they feel safe at Robins Lane, could identify trusted adults they could turn to and knew what to do if they were ever worried. It was lovely to hear how strongly our children value the relationships they have with the adults around them.

WE ARE MATHEMATICIANS

This week, Mr Cox and I had the privilege of visiting classes across school to see Maths in action, including our daily Maths Meetings.

A Maths Meeting is a short, fast-paced session, separate from the main Maths lesson, which gives children regular opportunities to revisit previous learning, practice key skills and build fluency. Through quick activities, chants, songs and repetition, children develop their recall of important mathematical facts. It was wonderful to see just how engaged and enthusiastic our children were!

We have also introduced our new Mathematician of the Week award, celebrating children who show enthusiasm, effort and a positive attitude towards Maths.

Children in Year 2 – Year 6 should still be encouraged to access Times Tables Rock Stars. Awards will be given out in classes.

SAFEGUARDING SPOTLIGHT

On Monday, children joined a special Picture News Live assembly exploring how we can make our school allergy-aware. Children developed their understanding of allergies, were introduced to Benedict's Law and considered the simple but important actions we can all take to help keep others safe. As part of our continued focus on allergy safety, we now have a set of emergency adrenaline auto-injectors (EpiPens) on site. We would also like to remind families that Robins Lane is a nut-free school and that all allergies and intolerances must be recorded on SchoolGrid as well as on the school's own forms, so that our information remains up to date.

Finally, please remember that children should not bring cakes or sweets into school to share on their birthday. Instead, our birthday Robins are invited to wear their own clothes for the day – a lovely way to celebrate while helping us keep everyone safe and included.

CLONTER OPERA THEATRE

What a fantastic day Year 3 and Year 4 had at Clonter Theatre! The children started their visit with a creative arts and crafts workshop, where they designed and created their very own mini stages and settings.

They then enjoyed a singing and dancing workshop before watching an exciting theatre performance – with opportunities to get involved themselves! We were especially proud to hear that four of our Robins Lane superstars were selected to take part in the final dance.

Staff shared how well the children represented Robins Lane throughout the day. Their behaviour was excellent and they showed fantastic enthusiasm, creativity and confidence. A wonderful opportunity and a brilliant experience for our Year 3 and Year 4 children!

MEET THE TEAM

MISS KANTERS Admin Assistant

Miss Kanters loves being there for our children and being part of a team that helps them learn and grow in a happy, safe environment. Originally from the Netherlands, she loves tulips and, of course, anything orange! Her favourite food is Greek food, although she also has a particular love of liquorice. When she's not at school, you'll often find her reading a book in the garden (preferably in the sunshine!) or enjoying a walk in the park with her dog.

ROBINS RECOGNITION

Celebrating our children beyond the classroom

We love celebrating our children's achievements both in and beyond school! Robins Recognition is a new feature where we can share the things our children are proud of – from sporting successes and dance achievements to music, hobbies, fundraising and more. Parents and carers are invited to send us their child's news and, while we may not be able to include everything in the newsletter, we will do our best to celebrate as many of our Remarkable Robins as possible here or on our Facebook page.
