

Geography

In geography we will be:

- Learning to name the seas surrounding the UK
- Devising a simple seaside map with a key
- Learning to name different features of the seaside, for example coast, beach, cliff

Maths

In maths this half term, we are looking at place value and addition and subtraction.

We will start by revisiting numbers to 100, making sure that we are confident with counting on and back.

We will then look at counting in 2s, 3s, 5s and 10s. This is something that you could help your child with at home.

You could also help your child by practising number bonds to 20 and thinking about the related subtraction facts.

e.g. I know that ..

$$15 + 5 = 20 \quad \text{and} \quad 5 + 15 = 20$$

so...

$$20 - 5 = 15 \quad \text{and} \quad 20 - 15 = 5$$

This half term our topic is

'The Seaside'

Computing:

In computing we will be:

- Beginning to learn how to programme
- Using an Ipad to record a video

History

In history, we will be:

- Finding out about the history of the seaside
- Learning about the development of Butlins holiday camps.

Science

In science we will be:

- Learning about the habitats of animals and plants at the seaside
- Finding out the difference between things that are living, dead and never been alive
- Finding out about food chains
- Having a special visitor who will help us learn more about rockpools

Music

In music we will be:

- Learning to sing 'Oh we do like to be beside the seaside.'

We love reading!

Your child will bring home Read, Write, Inc. book that they have been reading in school every Thursday plus an unseen text that they will be able to decode. If your child is on accelerated reader they will regularly bring their book home to read before quizzing in school.

Don't forget to visit our library which is open on daily 3.15pm - 3.30pm.

If you have any queries or questions regarding how to support your child with their learning please send an email to year2@wistastonacademytrust.co.uk Thank you for your cooperation.
