

## Wistaston Academy

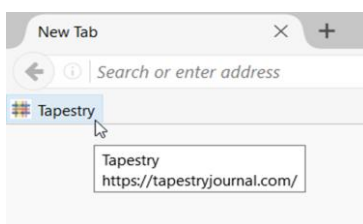

Primary and Nursery School  
Together We Learn • Together We Achieve

Dear Parents/Carers,

Wistaston Academy has just updated to the new version of Tapestry! This is great news because it means we are using a neater, more intuitive, and even more secure system. All the previous observations of your child have been moved across so you will still be able to access everything that you could access before, but there are a couple of things you need to do/be aware of.

- 1) The login page for the updated version of Tapestry can now be found on [tapestryjournal.com](https://tapestryjournal.com).

You will need to login from there now so if you have your Tapestry login page bookmarked on any devices, you might want to think about updating the web address that it takes you to. If you do go to [eylj.org](http://eylj.org) rather than [tapestryjournal.com](https://tapestryjournal.com) though you should see a link to the updated version so please click on that.

- 2) You may need to update your app.

Versions of the Tapestry app that came out before mid-August can only see the original version of Tapestry so you will need to make sure you have updated recently.

If you have an Android device, please open it up and look at the bottom of the login or pin entry screen for the message starting Version A-3.2.7 or higher (e.g., Version A-3.2.8, Version A-3.2.9 ...). If it is not there, or has a lower number, please download the latest version of the app from the Google Play store. If you have an Apple device, please open it up and look at the bottom of the login or pin entry screen for a message starting Version I-3.2.7 or higher (e.g., Version I-3.2.8, Version I-3.2.9, ...). If it is not there, or has a lower number, please download the latest version of the app from the Apple app store.
