

Mrs Madden's Class News

Friday 5th June 2026

This week has absolutely flown by!

The weather disappointed us this week meaning we had to postpone Sports Day. We hope that the rain clouds stay away so we can try again next Wednesday.

The children have enjoyed practising races and the 'round robin' activities. As always, older children in school continue to support the younger children. Watching them working together to prepare for sports day has been one of these special moments.

We were lucky to have Felicity's mummy come to read us two wonderful stories on Thursday morning.

'Bee my Friend' helped us start our new topic about Bees!

Have a wonderful weekend,

Mrs Madden 😊
