

Byley Primary School
and Nursery

Early Years Policy
2025/2026

Date of policy	Date for renewal	Signed	
October 2025	October 2026	Elizabeth Whittingham (Headteacher)	Andrew Gibson (Chair of Governors)

Statement of intent

At Byley Primary School and Nursery, we greatly value the importance of the early years foundation stage (EYFS) in providing a secure foundation for future learning and development.

This policy has been developed in conjunction with the relevant guidance and legislation to ensure that each child has a happy and positive start to their school life in which they can build a foundation for a love of learning.

We ensure that children learn and develop well and are kept healthy and safe. We promote teaching and learning to ensure children's readiness for the next stage of their education, and give children a broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

We seek to provide:

- **Quality and consistency**, so that every child makes good progress and no child gets left behind.
- **A secure foundation** through learning and development opportunities which are planned around the needs and interests of each child and are assessed and reviewed regularly.
- **Partnership working** between practitioners and parents.
- **Equality of opportunity** and anti-discriminatory practice, ensuring that every child is included and supported.

1. Legal framework

This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

- Childcare Act 2006
- Safeguarding Vulnerable Groups Act 2006
- Equality Act 2010
- UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- DfE (2021) 'Statutory framework for the early years foundation stage'
- DfE (2021) 'Development Matters'
- DfE (2021) 'Keeping children safe in education 2021'
- DfE (2018) 'Working Together to Safeguard Children'
- DfE (2015) 'The Prevent duty'
- Early Education (2021) 'Birth to 5 Matters'
- UK Council for Internet Safety (2020) 'Education for a Connected World'

This policy operates in conjunction with the following school policies:

- Child Protection and Safeguarding Policy
- Allegations of Abuse Against Staff Policy
- Complaints Procedures Policy
- Equal Opportunities Policy: Pupils
- Special Educational Needs and Disabilities (SEND) Policy
- Online Safety Policy
- Administering Medication Policy
- Health and Safety Policy
- Safer Recruitment Policy
- Data Protection Policy
- Roles and responsibilities

The governing board is responsible for:

- Ensuring there is a policy in place to safeguard children that includes an explanation of the action to be taken when there are safeguarding concerns about a child, the use of mobile phones and cameras, and staff safeguarding training requirements. These issues are addressed in part in this policy and in further detail in the school's Child Protection and Safeguarding Policy and Photography Policy.
- Ensuring there is a policy in place in the event of an allegation being made against a member of staff (including supply staff) or a volunteer. These issues are addressed in the school's Allegations of Abuse Against Staff Policy.
- Monitoring the implementation of this policy.
- Ensuring that this policy does not discriminate on any grounds.
- Handling complaints regarding this policy, as outlined in the school's Complaints Procedures Policy.

The EYFS lead, in conjunction with the headteacher, has responsibility for the day-to-day implementation and management of this policy.

Staff, including teachers, support staff, supply staff and volunteers, are responsible for:

- Familiarising themselves with, and following, this policy.
- Remaining alert to any issues of concern in children.

2. Implementation

Through the implementation of this policy, we aim to:

- Give each child a happy and positive start to their school life in which they can establish a solid foundation for a love of learning.
- Enable each child to develop socially, physically, intellectually and emotionally.
- Encourage children to develop independence within a secure and friendly atmosphere.
- Support children in building relationships through the development of social skills such as cooperation and sharing.
- Work alongside parents to meet each child's individual needs to ensure they reach their full potential.

Four overarching principles shape our practice:

- Every child is a **unique child**, who is constantly learning and can be resilient, capable, confident and self-assured.
- Children learn to be strong and independent through **positive relationships**.
- Children learn and develop well in **enabling environments with teaching and support from adults**, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between the school and parents.
- **Learning and development** is important. Children develop and learn in different ways and at different rates.

To put these principles into practice, the school:

- Provides a balanced curriculum which takes children's different stages of development into account.
- Promotes equality of opportunity and anti-discriminatory practice.
- Works in partnership with parents.
- Plans challenging learning experiences, based on individual needs, which are informed by observation and assessment.
- Assigns each child with a key person to ensure that each child's learning and care is tailored to meet their individual needs.
- Provides a safe and secure learning environment.

3. Learning and development

In partnership with parents, the school promotes the learning and development of pupils to ensure they are ready for the next stage of education.

The EYFS provision and practice is based on an observation of children's needs, interests and stages of development. Learning and development in school are planned to reflect these interests and individual circumstances in order to provide each child with a challenging and enjoyable experience.

There are seven areas of learning and development that must shape education programmes in EYFS settings. These are split into two important and interconnected sections – prime and specific:

The 'prime' areas of learning and development are:

- Communication and language:
 - Listening, attention and understanding
 - Speaking
- Physical development:
 - Gross motor skills
 - Fine motor skills
- Personal, social and emotional development:
 - Self-regulation
 - Managing self
 - Building relationships

The 'specific' areas of learning and development are:

- Literacy:
 - Comprehension
 - Word reading
 - Writing
- Mathematics:
 - Numbers
 - Numerical patterns
- Understanding the world:
 - Past and present
 - People, culture and communities
 - The natural world
- Expressive arts and design:
 - Creating with materials
 - Being imaginative and expressive

In organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring – children investigate and experience things.
- Active learning – children concentrate, keep on trying if they encounter difficulties and enjoy their achievements.
- Creating and thinking critically – children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

4. Assessment

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

Ongoing formative assessments are used to assess the day-to-day learning and development of children in the EYFS. Practitioners interact and observe children to understand their interests and learning needs, and will use this information to inform practice and provision for each child.

The EYFS setting will undertake a summative assessment of the level of each child's development at certain stages. These are:

- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting reception year.

September 2021 saw the introduction of the new EYFS Curriculum. Following on from the Reception Baseline Assessment, teachers will make formal assessments of progress against the Early Years Framework at the end of each term. At the end of the Summer Term a judgement will be made as to whether each child has reached a 'Good Level of Development' (GLD). To attain this grade, children will have to have met the first 12 Early Learning Goals as described in the Framework in all 3 prime areas of Learning, Literacy and Numeracy

GLD – Good level of development is when a pupil achieves the ELG in all prime areas and in Literacy and Numeracy.

The EYFS lead will discuss any cause for concern in a child's progress with the child's parents, especially where this concern relates to the prime areas of learning. A strategy of support will be agreed upon and consideration will be taken as to whether the child may have SEND which requires additional support.

5. Planning

EYFS starts with the long-term plan, Medium Term plans are based on the children's interests and are child led. The children are asked regularly what they would like to learn. The teacher and teaching assistant add in ideas depending on the skills the children need to develop.

6. Inclusion

All children are valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Equal Opportunities Policy: Pupils ensures that the needs of all children are met, regardless of any protected characteristics they have.

The Special Educational Needs and Disabilities (SEND) Policy ensures all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

The EYFS curriculum is planned in order to meet the needs of the individual child and support them at their own pace.

7. The learning environment and outdoor spaces

The learning environment is organised in such a way that children can explore and learn independently in a safe and interactive environment.

Children have access to an enclosed outdoor environment, and daily access to the outdoor environment is planned, unless circumstances, such as the weather, would make outdoor activity inappropriate and unsafe.

8. Safer Eating in the Early Years

We follow the EYFS Safer Eating guidance to reduce choking risks during mealtimes.

Children are always seated, supervised, and encouraged to eat calmly and safely. During snack time, an adult is always facing the children. During lunch, an adult is sat at the table with the Nursery children.

Up-to-date allergy and dietary requirements are readily available to staff and always checked before any food is served.

At least one paediatric first aid trained adult is always present during snack and lunchtime. Staff are trained to spot and respond to choking hazards, and food safety practices are reviewed regularly to ensure high standards are maintained.

9. Parental involvement

We firmly believe that the EYFS cannot function without the enduring support of parents.

Parents are invited to termly parents' evenings; however, the school has an open-door policy and parents are welcome to talk to teacher at the start and end of the school day. The classroom, or Head's office if needed, will be utilised for confidential discussions between staff and parents.

We use an online system called Tapestry to record and store observations, achievements and next steps relating to each child's learning. This is a safe and secure system and one that enables parents and carers to access their child's Learning Journal at any time.

Parents are asked to sign permission slips for any visits out of school, use of photographs of their child and using the internet at school.

Parents are asked to complete admission forms, a medical form and to write a brief synopsis about their child to help the school to understand their character and personality.

10. Transition periods

The following process is in place to ensure children's successful transition to Year 1:

- Parents are invited to a meeting to ensure they know about school procedures and allocation of classes, and to voice any concerns they may wish to express.
- The children are invited to a number of visits throughout the year to their Year 1 class.

- In the Summer term, Reception and Year 1 staff will meet to discuss each child's development in order to support a smooth transition to Year 1.

11. Monitoring and review

This policy is reviewed annually by the governing board and the headteacher.

Any changes made to this policy will be communicated to all relevant stakeholders.

All members of staff directly involved with the EYFS are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction.

The next scheduled review date for this policy is October 2026.
