23rd April 2026

We hope that everyone had a relaxing and enjoyable Easter break and it is good to see some lovely weather this week as we return from it.

We are very happy to report that Mr Hudson has been cleared to return to work but after his illness, and under the advice of the LA, this will be a phased return over the period of a few weeks, starting slowly and building up to his full time return.

In the meantime, Claire Green will still be working with us in the same way that she was before the Easter break. This will ensure a smooth handover for everyone.

We are looking forward to this new term, filled with lots of exciting activities such as STEM Week, as well as Year Six children completing their SATs in a few weeks, when we are sure that they will do their very best. We also look forward to the rearranged day for the Colour Run, details of which will be announced soon.
