

# Geography

In Geography, we will be exploring the different flags for countries in the UK, discussing the equator and identifying the key differences between a village and a town. We will also be completing our fieldwork and creating a safe route to the park in Helsby.

# Science

In Science, we will be exploring animals. Including humans, and identifying what they need to stay alive. We will then describe the important of exercise and eating the right food. We will also look at what plants need to survive and how they grow.

# History

In History, we are going to explore, in our whole class reading sessions, significant people. We will discuss what they did that made them so important for history.

# Music

In music, we will use unturned instruments to discuss rhythm and beat. We will also explore using a ukulele to make the tune and beat of the yellow submarine by the Beatles.

# Nature's wonders

## PE

Our P.E units will be dance and ball skills (hands).

## PSHE

Our My Happy Mind units are appreciate and relate.

## French

In French, we will learn the days of the week.

## Computing

In computing, we will be learning how to use word on the computer, record simple sound and take photos using the IPADS.

## RE

In R.E, we will be identifying key aspects of the Jewish Shabbat celebration and why it is important.

## Art/DT

During Art lessons, we will be extending our drawing skills; learning to basic shade and use lines to accurately draw shapes.
