

Geography

In geography, we will explore the local area by studying a range of maps, going for a local walk and using compass points to locate what is around us.

History

In history, we will be learning all about the Iron Age Hill Fort on Helsby Hill and explore what our local area was like in the Iron Age times.

Music

We will be learning a range of Christmas Carols both in English and other European languages and identifying key characteristics such as tempo etc.

RE

In RE, we will be learning about the key tenants of the Jewish and Christian faiths.

Helsby in the Iron Age

Science

In Science, we will be learning all about '**Living Things and their Habitats**'. Alongside this, we will also be learning all about '**Sound**' what causes sound and how sound vibrations travel to the ear.

PE

In PE, we will be swimming learning a range of different strokes.

Computing

We will be learning about GDPR, who we can speak to when we have concerns about someone's behaviour online and how we can use a search engine to get accurate hits.

PSHE

In myhappymind, we will be meeting the brain to better understand it and learning to celebrate our differences. In our finance curriculum, we will also be learning about the security features of money and what we can do with it.

French

We will be learning the days and months in French and a range of classroom vocabulary.

Art/DT

In art/DT, we will be learning how to manipulate clay, learning about the artist Teesha Moore and also how to sew different materials together.
