

I wonder how it grows?

Vocabulary Dozen

Farm

A piece of land used to grow crops and or raise animals for produce.

Farm animals

Animals that are raised and kept for farming purposes, including cows, sheep, chickens, pigs and geese.

Stem

The main trunk of a plant.

Farmer

A person who works on a farm.

Plant

A living thing which grows in the earth and has roots, leaves and a stem.

Leaves

Part of a plant that is flat and attached to the stem.

Farm machinery

Machines such as tractors and combine harvesters that are used by farmers to help them on the farm.

Soil

The upper layer of earth in which plants grow.

Seed

A small, round object which plants make and can grow into a new plant.

Crops

A plant such as a grain, vegetable or fruit grown in large amounts on a farm.

Roots

The part of a plant that grows underground, gets water from the ground and holds the plant in place.

Nutrients

A substance essential for life and growth in animals and plants; for plants, these are found in the soil.
