Context

On the 25th of June 2022, the government published its updated [National Plan for Music](#). This document outlines an expectation that...

*'In partnership with their music hub, we would like every school (including multi-academy trusts) to **have a Music Development Plan** that captures the curricular and co-curricular offer and sets out how it will be staffed and funded.'*

The deadline for the first edition of this document is September 2023.

Update: On 15th May 2024 DfE announced all schools must publish their School Music Development Plan on their website by 1st September 2024

Aim

The School Music Development Plan should set out how the school will deliver high quality music provision for all pupils in the three areas of curriculum, co-curricular and enrichment. This document will enable you to reflect on your current music provision, to celebrate success and to identify areas of development. It should set out how your school delivers its music curriculum and ensures the following expectations are in place:

- timetabled curriculum music of at least one hour each week of the school year for key stages 1 to 3
- access to lessons across a range of instruments, and voice
- a school choir or vocal ensemble
- a school ensemble, band or group
- space for rehearsals and individual practice
- a termly school performance
- opportunity to enjoy live performance at least once a year

Outcomes

1. To enable schools to engage critically with their music offer.
2. To feed music into wider school improvement.
3. To open a constructive dialogue with music hubs, both to enhance in-school provision and to connect pupils to broader opportunities.
4. To publicise schools' music offer, including on the school website, so that pupils and parents have a good understanding of what to expect.

Curriculum			
We have embedded a high quality, ambitious music curriculum throughout our provision, covering progression within the national curriculum. This includes planned assessment throughout the year to track progress, using a range of methods.	https://www.dovedaleprimary.co.uk/page/music/39811 Music teachers follow Charanga from Years R-6. We are using the newest Creative Music Scheme from Charanga. We feel that the new scheme has developed our music technology and composition/improvisation provision. Planned assessment each term highlighting children who need more support and those who are greater depth.	Have regular meetings with all music staff to ensure progression is in place and provide any CPD.	September 2026 - then each half term
Our curriculum is fully inclusive and can be accessed by all pupils. Every staff member has knowledge of all pupil needs.	Music is taught by the same staff throughout each key stage this allows the staff to get to know the children and make adaptations to the lessons where necessary.	Meet with staff to discuss how children with SEND are supported	September 2026 - then each half term
Our curriculum includes listening examples from a wide range of cultures and traditions.	Throughout the music curriculum children listen and appraise a wide range of music genres	Record a list of music that children are exposed to and identify gaps.	October - Ongoing

All year groups have access to instruments both tuned and untuned throughout music lessons Year 4 - whole class instrumental (ukulele) provided by Resonate Children in KS2 can access small group instrumental tuition in guitar/ keyboard/violin - provided by school music service - funded by parents.	Look at how children can use their instrumental tuition in music curriculum lessons
