

Autumn 1 Half Termly Task

Year 2 - Materials and their properties

Art Task

Create a collage of an object using different materials.

Talk

Talk about how heat can change materials and how they change.

Write

Write the instructions on how to turn chocolate from a solid to a liquid.

Computing

Use the computer to copy and paste pictures of different materials and label their properties.

DT

Design an experiment involving materials and how they can change.

Surprise us.

Be as creative as you want and come up with something about the topic you have learnt. You could even combine a few of the other tasks to create your own.
