What do you think are Pike Fold's greatest strengths?

The diversity and inclusion of every child. Staff's efforts to ensure child and parents are heard and helped with any issues. One of the greatest strengths on the school is the staff.

Many strengths, great teachers , clean and safe environment, children always learning and its fun lots of activities

Diversity and inclusion, care and compassion

Pike Fold's greatest strengths are its caring teachers, supportive learning environment, and the way the school encourages every child to grow with confidence and kindness.

I feel like Pike Fold offers lots of activities for the children during the year and the lunch menu is fantastic. I love that its fun and inclusive.

Ability to communicate clearly, even on difficult topics.

How could we improve your experiences as parents and the experiences of your child?

Two parents evenings every school year.

A safer way to collect Y5 & Y6 as this area can become overcrowded at collection time.

Give plenty of time to let us know about events such as own clothes day etc.

More events where parents can come into school and take part in activities with their child like the reading events.

Both our children absolutely love school. They are lucky that they seem to learn quickly. It will be good to have them being challenged a bit more.

More targeted home work like daily tasks completion could improve children learning experience at home.

How would you like to see Pike Fold develop over the next three to five years

To continue to keep our children at the heart of everything they do.

To become an Outstanding school.

Safer parking to help with children getting in the school safe and stress free from the panic of the congestion.

Over the next three to five years, I'd love to see Pike Fold continue building on its strong sense of community and inclusivity, while further developing opportunities for children to thrive both academically and personally.

I'd love to see the school continue to grow while keeping the same caring atmosphere and strong community spirit. Maybe more extracurricular activities or clubs could be added in the future.

More training and information shared with staff and children about other children's neurodiverse needs.

Engaging in educational competitions with other schools.

More extra curricular activities to choose from.
