

St Margaret Mary's

SEND Pathway

1

Ordinarily Available Provision

The term 'ordinarily available provision' comes from the SEN Code of Practice and refers to the range of activities, opportunities and strategies that are offered as basic good practice to meet a range of additional needs without the need for a formal diagnosis or specialist support.

2

Cause for Concern

If a child's teacher and/or parents have concerns about their child, these are discussed together and it will be agreed to monitor the child for a set period which will then be followed up by an informal review meeting.

3

SEND Register

If after an appropriate monitoring period there are still concerns being raised about a child then it may be appropriate for them to be added to the school SEND register.

4

One Page Profile / Individual Provision Map

A One Page Profile or Individual Provision Map will be co-produced with teachers and parents. This SEND support will take the form of a four-part cycle – Assess, Plan, Do, Review. This is referred to as the 'graduated response'.

5

EHCP

For a small number of pupils, despite the school having taken relevant and purposeful action to identify, assess and meet the special educational needs, they may still not make expected progress and the school and/or parents should consider requesting an Education, Health and Care needs assessment.
