

Reception Newsletter

Hello Friends

The children have been settling well into Reception and have been enjoying using and exploring the different areas within our classroom.

We will soon begin our topic called 'Hello Friends' where we will be learning all about ourselves and our new friends. We will be thinking about our own similarities and differences such as our likes and dislikes and our different families. Over the next few weeks, we will be sharing lots of texts linked to this theme such as 'Hello Friend' by Rebecca Cobb and 'We All Have Different Families' by Melissa Higgins. Much of our work will focus on activities based on the story 'The Friendship Bench' by Wendy Meddour.

Phonics and Reading

We use the Monster Phonics Scheme to teach phonics. These sessions will start very soon.

To begin with, we will be sending home reading books without words for the children to tell stories in their own words. You can ask questions about who, where, when and what happened when sharing these books at home.

The children will bring home books with words once they have learnt the first sets of sounds in phonics.

At this point, they will then be able to use the sounds that they have learnt to blend for reading. We ask that the children read at least 3 times a week at home and that you record in their reading diary to let us know how they have got on with their book at home. If children read at least 3 times, their name will be entered into the book draw for the chance to win a lovely picture book to take home.

Maths

Our maths work this half term will focus around counting, subitising (recognising how many without counting) and recognising that a whole is made up of smaller amounts. We will be completing maths tasks in lots of practical ways, singing number songs and playing games. The children love Numberblocks and you can find lots of activities and links to the programme on the Cbeebies website

www.bbc.co.uk/cbeebies

Home Learning

During our first half term in Reception, we are working on building our independence, you can help with this at home by practising getting dressed independently, using changing shoes, using cutlery and opening packets.

In the coming weeks, we will be sharing some more information about activities that you can do to support your child's learning at home.

Reminders

Please bring book bags to school every day.

Children need a full P.E. kit in school that can be kept on their pegs for the full half term.

Please label belongings.

Thank you for your continued support,
Reception Staff.
