

In English...

We will be using a fiction book called The Last Wolf as the stimulus for our Reading and Writing. Our final piece will be a letter

In Maths...

We will be counting total amounts in coins and notes, naming and describing 2D and 3D shapes and finding fractions of a shape and quantity.

In Science...

We will be investigating, how seeds and bulbs grow into mature plants and how plants need certain things to grow.

In Geography...

We will explore the deserts of the world. We will learn what a desert is and explore the Sahara Desert and Antarctica. We will learn about the Equator and recap the continents and oceans

In RE...

We will be thinking about why Jesus taught people through stories in the bible.

In Computing...

We will be learning about programming. We will be working with programmable toys to explore algorithms and debugging.

In PSHE...

We will look at another book in our No Outsider work and explore how we can be our best- looking at Growth Mindset and keeping healthy.

In PE...

We will be learning how to accurately apply our jumping skills in combination and within games. We will also be learning how to use a bat safely to strike our ball into space, directing the ball away from fielders.

Vocabulary

flung, supplies, lurk, pounce, wander, grazing, stalking, bracken, tree stump, lynx
North Pole, South Pole, Equator, Arctic, Antarctic, desert, weather, oceans, continents, travel
roots, stem, flower, leaves, trunk, branches, twigs, petal, seed, bulb, evergreen, deciduous, water, light, warmth, germinate, shoot, mature plant

In Art...

We will look printing techniques using different objects to make our prints. We will design and make our own collagraph plate and use this to make our patterns

In DT...

We will be learning about famous designer and architect Frank Lloyd Wright and his amazing structures.
