

UNITED KINGDOM

In English...

We will be exploring the book *Curious case of the missing mammoth*.

In Maths...

We will look at place value to 40 and revisit addition and subtraction.

In Geography...

We will learn about the UK, the countries it is made up of and the capital cities. We will continue to study the weather of the UK.

In PSHE...

We will look at how we look after ourselves and our No Outsiders is 'Max The Champion'.

In Computing...

We will begin to explore programming by using the Beebots.

In RE...

We will be learning about celebrations from different religions.

In DT...

We will look at mechanisms and how we can make sliders and levers.

In PE...

We will learn gymnastics and how we can make different shapes with our bodies. We will also develop our sending and receiving with our hands.

In Music...

We will be combing pulse rhythm and pitch.

In Science...

We will continue our learning about the different animal groups and herbivores, carnivores and omnivores.
