

In Geography...

We will be learning all the oceans and continents of the world. We will locate the equator and learn about North and South pole. We will look at how we travel around the world.

In PSHE...

We will look at another book in our No Outsider work and continue our SCARF work on growing and changing.

In PE...

We will be looking at rackets, bats and balls. In our other unit we will be developing are understanding of attacking and defending. We will have a chance in the pool.

In Maths...

We will be exploring money and learning the value of coins and notes. In volume we will learn how to compare volumes. In mass we will use the words heavier and lighter. In position we use a range of language to explain where things are and using turns.

In Art...

We will be looking at sculpture.

In DT...

We will be learning about textiles and how to join them.

In Music...

Our themes are cat and mouse and come dance with me.

In RE...

We will be learning about different celebrations.

-Willow Class-Year 1-

-Summer 2-

Upton Westlea Primary School
"Inspire, Learn, Succeed"

In Science...

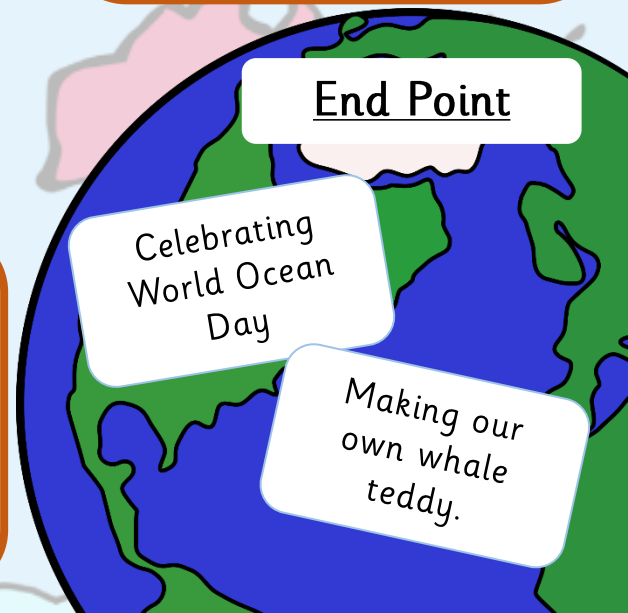

We will be continuing our learning on plants at the beginning of the term and then we will be working on our scientific skills and planning investigations.

In Computing...

We will be learning to group data. We will use these skills to help in our science.

In English...

We will be exploring the book *The Storm Whale*. We continue to work on using punctuation in sentences. Writing in the past tense and using adjectives.

End Point

Celebrating World Ocean Day

Making our own whale teddy.
