Relationships and Sex Education (RSE) – Summer Term

Subject: Relationships and Sex Education (RSE) – Summer Term

Dear Parents / Carers,

We are writing to inform you that throughout the Summer term, we will be delivering Relationships and Sex Education (RSE) to all year groups. We cover Relationships in the first half of the term and Sex Education after the half-term break.

We believe it is essential for our pupils to receive age-appropriate RSE in a safe and supportive environment. This curriculum helps children develop the foundations for looking after themselves and understanding the characteristics of healthy relationships—both on and offline.

Our Curriculum

We use the Jigsaw programme and PSHE Association resources, which are comprehensive, nationally recognised schemes. Alongside *My Happy Mind*, these form the core of our PSHE curriculum. All content is age-appropriate and will be taught by your child's class teacher using materials tailored to each year group's needs.

Reviewing Materials

More information regarding the Jigsaw programme is available on our website under the 'Parents' section. There, you can view the specific content and materials used in class. We have also provided a summary of this content on the following pages.

Your Feedback & Consultations

We consult with parents on RSE annually and welcome your suggestions, concerns, or queries. If you would like to provide feedback, please follow this link to access our consultation form: <https://forms.gle/F7A7s1Zedrx3Kszw7>.

The Right to Withdraw

The consultation form also allows parents of Year 5/6 pupils to request to withdraw their child from the Sex Education element of the curriculum. Please note that while parents have a legal right to withdraw from Sex Education, this does not extend to Relationships and Health Education, or content covered as part of the statutory Primary Science curriculum.

We encourage parents to speak with us before making this decision, as we firmly believe RSE provides essential knowledge to safeguard children and help them make informed decisions as they grow.

Contact Us

If you have any questions, please do not hesitate to contact your child's class teacher. They will be happy to assist you. You can also visit the RSE page on the school website for further details on our approach.

Thank you for your continued support in ensuring our children receive a comprehensive and safe education.

Kind regards,

Miss Maddison

Thank you

Trans Pennine Trail Activity Pack

We're delighted to share our brand-new **Kids' May Half Term Activity Pack**, filled with fun nature-themed activities including an i-Spy challenge, planting seeds, a recipe and a puzzle for families to enjoy during the holiday. It's a great way to inspire children to get creative, explore the outdoors, and learn more about the outdoors and the Trans Pennine Trail.

With colourful characters leading the way, this activity pack inspires kids to discover spring wildlife, get creative, and enjoy the magic of the outdoors. There are opportunities to share their adventures and to earn a digital certificate.

The packs are ideal for Key Stage 1 and 2, but there's something for everyone – whether you're a teacher, parent, or young explorer. They're perfect for use on the Trail, in your local park, or even indoors on a rainy day. Every pack is designed to help everyone learn, play, and make memories while exploring the outdoors.

The activity pack can be used 'on the go' by downloading it to a mobile or can be printed at home. **We'd obviously prefer parents to download the pack themselves so if you could share the link with them, it would be appreciated.** But we can send out printed copies to people who don't have a printer or are unable to access the website if they get in touch with us.

Download it from our Children's page at: [Welcome to our Children's Page | Trans Pennine Trail](#)

Survey for parents and carers of children aged 5 and under.

Have your say about raising young children in Warrington

We want to hear from parents and carers of children aged 5 and under about what it's like to raise young children in Warrington.

The survey is anonymous, takes around 5–10 minutes, and asks three simple questions about:

- what works well for young children and families in Warrington
- what feels difficult or not so good
- what would help make Warrington a better place for young children to grow up

Your views will help Warrington Borough Council understand what matters most to families and improve local services, spaces and support for young children.

Scan the QR code below or use the web link to take part.
