## Children's Mental Health Week

Monday 9th February marks the start of Children's Mental Health Week 2026. This year the theme is 'This is our Place'. The staff and children will be taking part in lots of themed activities during the week.

On Monday children and staff are invited to wear an outfit which makes them feel comfortable, confident, and like they truly belong — whether that's cosy clothes, cultural dress, favourite colours, or something totally unique. Celebrate what makes you, you!

If you are able and would like to, please send donations into school in a labelled envelope. Any money raised from the non-uniform day will be spent on mental health resources for reflection areas and classrooms.

Thank you.

## School Discos

The school discos will take place on Thursday 12th February and all the children are welcome to attend.

The KS1 disco will start at 6.00pm and finish at 7.00pm and the KS2 disco will start at 7.15pm and finish at 8.15pm.

Please could children be dropped off at the main entrance and picked up from the hall doors on the infant playground. Children must be collected from the discos by a responsible adult.

The entrance fee for the discos is £2.50 per child (please bring correct change if possible) and there will be a tuck shop where children can buy pocket money treats.

## Childhood Illnesses

Could we please remind parents and carers that if children are off school following sickness or diarrhoea they must remain off school for 48 hours following the last incident to prevent the spread of infection.

***We are currently seeing an increase in sickness and upset tummy bugs both locally and nationally and would be grateful if parents and carers could be extra vigilant when their children are complaining of illness symptoms.***

If your child is suffering from a high temperature or headache please seek medical advice before sending them into school — please do not mask the symptoms by administering paracetamol.

Please could we also remind parents to be attentive in checking for and treating headlice and threadworms.

Advice and medication can be sought from your GP, School Nurse or Pharmacist. Information on childhood illness and infection can be found by following this link: <https://www.publichealth.hscni.net/sites/default/files/>

## Nut Free School

Could we please remind all parents and carers that we are a totally nut free school.

Please be thorough in checking packaging and ingredients lists before sending items into school in lunch boxes.

We have a number of people in school with severe nut allergies and any exposure to nuts could cause a life threatening event.

Thank you.
