In the Interest of Safeguarding — Childhood Illnesses

Could we please remind parents and carers that if children are off school following sickness or diarrhoea they must remain off school for 48 hours following the last incident.

If your child is suffering from a high temperature or headache please seek medical advice — please do not mask the symptoms of a high temperature by administering paracetamol in order to send your child into school.

If your child is off school due to sickness or a contagious illness such as chicken pox and you still need to bring a sibling to school, please contact the school office to arrange drop off and pick up via the school office.

Please could we remind parents to be vigilant in checking for and treating headlice and threadworms.

Advice and medication can be sought from your GP, School Nurse or Pharmacist.

Information on childhood illness and infection can be found by following this link: https://www.publichealth.hscni.net/sites/default/files/Guidance_on_infection_control_in%20schools_poster.pdf

Appointments During the School Day

If your child has an appointment during the school day please ensure that a copy of their appointment letter is sent into school for the official records. Thank you.
