Year 5 – Autumn 2 2026

Curriculum Overview

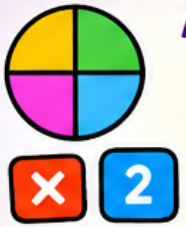

As Readers we will:

Continue with our class novel *The Super Miraculous Journey of Freddie Yates*, exploring the characters, plot, themes and author's choices.

As Authors we will:

- Write a personification poem about a storm.
- Create a detailed character description.
- Write a setting narrative inspired by an illustration from Farther.

As Mathematicians we will:

Build our understanding of fractions and explore properties of numbers, including multiples, factors, prime numbers, square numbers and cube numbers.

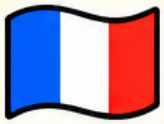

As Scientists we will:

Investigate how mixtures can be separated, using methods such as sieving, filtering, evaporating and magnetism. We will choose the most appropriate method for different materials and explain our findings.

As Historians we will:

Explore the Anglo-Saxons and Vikings, finding out who they were, why they came to England and how life changed as a result of their settlement.

As Linguists we will:

Develop our French vocabulary and build confidence in speaking, listening, reading and writing using familiar topics and simple conversation.

As Religious Investigators we will:

Explore how and why the Qur'an is a source of guidance for Muslims. We will explore how its teachings help Muslims make choices and live their daily lives.

As Citizens we will:

Recognise peer pressure and explore ways to manage it. We will identify strategies to keep ourselves and others safe, consider the possible outcomes of taking risks and understand the consequences of accidents or incidents.

As IT Technicians we will:

Explore how databases are used to organise and store information. We will create our own databases and learn how to search and query existing databases to find specific information.

As Musicians we will:

Explore rock music through Charanga's Livin' on a Prayer unit. We will develop our skills in listening, singing, playing instruments, improvising and composing, and perform together as a class.

As Athletes we will:

Develop our gymnastics and dance skills, exploring balance, control, movement, matching, sequence and performance.
