

# Planning for our future

Artist's impression of proposed school entrance

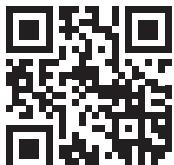

**Bowmer + Kirkland has been selected by the Department for Education (DfE) as the main contractor on plans to redevelop East Bergholt High School, Suffolk.**

The School Rebuilding Programme (SRP) proposals include the demolition of all existing school buildings and the construction of two new school buildings – the main school and a sports centre.

The DfE has tasked Bowmer + Kirkland with developing a scheme that will; better accommodate students, staff and the community; enable the school to remain operational on-site during construction; target net zero carbon in operation; and provide improved facilities.

The project team would like to invite the local community to share their feedback on the plans at a public exhibition or via our website before a planning application is submitted to the local planning authority.
