

Y1 and Y2 Autumn 1 2025 Homework Menu (based on Our Local Area and Animals)

For this half term's home learning you can choose any of the ideas below to do at home.

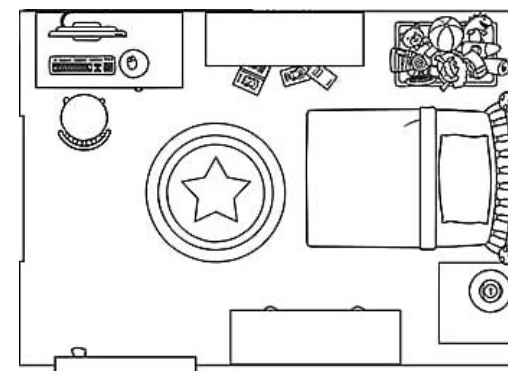

Please do at least one and then bring it in to share.

Search for signs of Autumn in your garden, local wood or the park.
Draw and label 4 things you see.

Make some land art with things from your garden or the park. Take a photograph to show us at school.

Draw an aerial view plan of your bedroom or garden. Y2s can make a key to show the different parts.

Can you create a natural habitat for a wild animal? Use construction, junk modelling or draw it. Explain why it is a good habitat for that animal.

Draw a map of your journey to school. Add some physical and human features.

Press some leaves between kitchen paper and heavy books, mount them and bring them into school to show us.

You can also press leaves in a microwave. Find out how to do it then have a go with a grown up.
