

Y1 and Y2 Autumn 2 2025 Homework Menu (based on The Victorians)

For this half term's home learning you can choose any of the ideas below to do at home.

Please do at least one and then bring it in to share.

Find out which games Victorian children enjoyed playing and then have a go at one yourself. Take some photos and bring them in or email them to school.

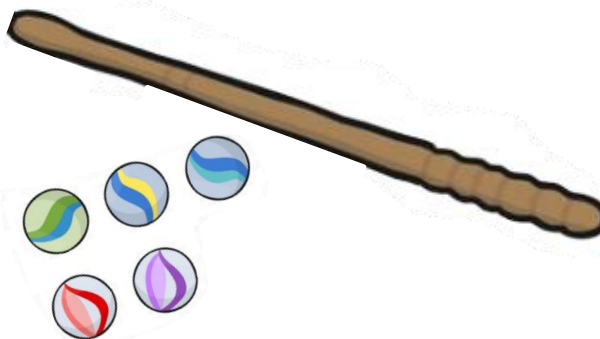

Design a Victorian stamp with you as the monarch! How much does your stamp cost?

Research and write down five facts about Queen Victoria.

Research Victorian coins and draw some pictures of them. How are they different from the coins we use today?

Design your own new toy for a Victorian child. Draw a diagram and label it. Write instructions on how to play with the new toy.

With a grown up, carefully measure out ingredients to make a Victoria sponge. Or you could enjoy a slice of a cake you've bought and write a review for us!
