

- The Ancient Greeks were around about 3,000 years ago.
- They lived in a country we now call Greece.
- Ancient Greece was not one country but lots of city-states.
- The Greeks were great thinkers, artists and builders.
- They made grand temples and big cities.
- Greeks believed in many gods in a similar way to the Romans and the Vikings.
- They built temples to their gods.
- Most Ancient Greeks lived in small houses with courtyards.
- Men worked and voted and women stayed at home.
- Some children went to school but only wealthy boys.
- The Greeks told and wrote amazing stories called sagas.
- The Greeks influenced the world in many different ways including the Olympic Games and democracy.
- We can learn a lot about Ancient Greece from what they left behind.
