NAME OUR NEW ECO-TRUCKS!

WE WANT THE PRIMARY SCHOOL CHILDREN OF CHESHIRE EAST TO NAME TWO OF OUR HYDROGEN FUELLED BIN TRUCKS!

As part of our journey to become carbon neutral, we are converting two of our Cheshire East bin trucks to run on hydrogen fuel. These environmentally friendly trucks run on clean and sustainable gases which means they are not as harmful to our planet!

To celebrate this exciting new project, we are calling on primary school children in Cheshire East to submit a name for one of the two bin trucks.

You must include a 'H₂' for hydrogen anywhere in your suggestion, so that we can create the chemical symbol 'H₂' - such as CH₂ESHIRE or H₂DROGEN.

The winning names will be displayed on the trucks and the winners will also receive a £50 Love2Shop voucher and a goodie bag!

Submit your entries to the email carbonneutral@cheshireeast.gov.uk by 12pm April 30 2021. One name per entry, per child.
