

W/C 28.09.26 - When I Was Little

We will show the children images of us as babies, children, teenagers and now as adults. The children will have the opportunity to discuss what they notice has changed. Our tuff tray will give the class an opportunity to take care of our class babies using appropriate tools and equipment. We would be so grateful if you could send in pictures of your child as a baby and a toddler 😊 thank you!

Book of the Week

Our book this week is 'When I Was Little' by Jamie Lee Curtis.

We will be exploring how we change from babies, to toddlers, to children, to teenagers, to adults and to elderly. We will help the children understand that we not only grow physically but we also develop in our skills and abilities.
