

Mrs Watts and Mrs Rigby work in Dormouse class our EYFS class.

We come into school and walk down the corridor to our classroom.

Our classroom is called Dormouse class.

We put our wellies on the rack and hang our coats up.

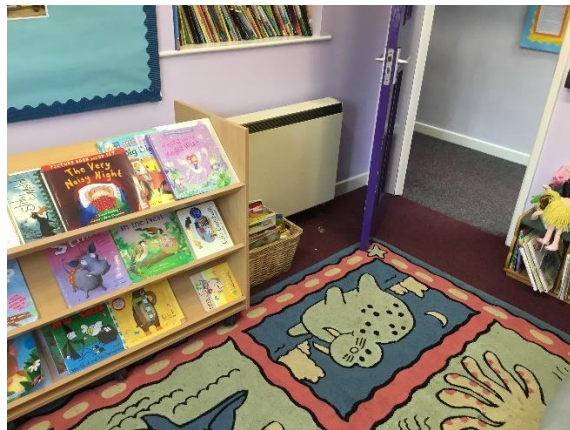

Clive Bear is a member of our class. We take it in turns to take him home. He has a suitcase with food and clothes.

Every day we find out what day it is, how many children are in class and what the weather is. We have a visual timetable for the day and the helpers have the job of changing the board.

We enjoy being in our quiet room, where we can read books, role play and where nursery children have their phonics and maths time.

We have our own toilet in the classroom.

We enjoy lots of activities in the classroom such as our maths area,

the writing table,

creating pictures, painting, playdough and crafts.

We like to go out through our door to our outside area.
