

Dear parents and carers,

Another busy week, with lots of exciting learning opportunities inside and outside of the classroom. We have had a visitor in school this week, looking at our Early Years classes - they were very impressed by the learning they saw. On Thursday, we celebrated Mass in the Hall for the feast of our school saint - St Edmund, a beautiful occasion.

On Monday, we had an assembly from CAFOD, telling us about the ways in which we can support their work during Advent. We will begin stepping up our preparations for Advent and Christmas in school, starting with the parish Christmas Fair on Sunday

Next week is parliament Week in school and we will be electing our new members of the Junior Leadership Team.

Have a great weekend.

Attendance

Well done to Year Five, who had the best attendance this week with 95.8%.

Parish Christmas Fair

Our parish Christmas fair takes place on Sunday 23rd November, after 10.30am Mass. Everyone is invited to attend and support our parish community.

Dates coming up...

27th Nov: Stay & Play for Early Years

4th Dec: Advent Mass for KS2 children in hall (10am)

8th Dec: KS1 Nativity (2pm)

10th Dec: Pantomimes

- EYFS & KS1 in school
- KS2 at Middleton Arena

11th Dec: Year 5 & 6 carol singing at local businesses

Heating in school: The heating in school is still not repaired but the blow heaters in classrooms have made a real difference. We have engineers out looking at the problem and I hope that there will be some good news at the start of next week. I will keep parents updated. For now, children can continue to bring in additional warm layers

Polite Notice: Please can all parents be mindful of others in the car park at the start and end of the day. Please can everyone ensure that disabled bays are kept clear for those who need it, especially for children who need to be dropped off or picked up

Trips and Experiences this week...

This week, we have had lots on. Year 4 visited Eureka! On Thursday and Year 3 and Year 5 had history workshops. We also had some scientists in school delivering a Physics workshop for Years 4 & 5.
