Dear Parent/Carer,

Throughout this academic year, we will be continuing with our new *Growing and Changing* curriculum as part of the Science and Personal, Social, Health and Economic (PSHE) education programmes recommended by the National Curriculum and PSHE Association.

These lessons will focus on key aspects of PSHE, such as family relationships, personal hygiene, the human lifecycle, and similarities and differences between boys and girls. The content and materials have been carefully designed to be appropriate for each age group and to address the needs of all children in the class.

The main topics we will be covering throughout the year are:

Year 1	Year 2
Keeping Clean	Differences: boys and girls
Growing and Changing	Differences: male and female
Families and Care	Naming body parts

If you would like to see any of the lesson plans and materials or discuss the curriculum in more detail, please contact your class teacher.

Kind regards,

Mr Gratton
PSHE Subject Leader
