Broad Oak Primary School

Adult Behaviour Policy

Date approved: June 2026

Review cycle: biennial

Next review date: June 2028

Approved by: Governing Board

Rationale:

At Broad Oak Primary School we believe staff, parents and children are entitled to a safe and protective environment in which to learn and work.

We strive to ensure that our school offers a warm and nurturing environment. All members of the school community and visitors should demonstrate mutual respect.

To feel safe and work together and use restorative approaches as the foundation of our practice.

Any behaviour that may lead to feelings of harassment, alarm or distress to members of our community will not be tolerated and action will be taken.

Aims:

- To facilitate a whole school community ethos of respect
- To promote dignity in the work place for our staff
- To promote positive relationships through restorative approaches

Expectations:

- ❖ That all adults (staff, governors, parents, carers and volunteers) set a good example to children at all times, showing them how to get along with all members of the school and the wider community.
- ❖ That no one - staff, governors, parents, carers, volunteers or children - be subjected to abusive behaviour or any form of threats from other adults on the school premises.
- ❖ That physical attacks and threatening behaviour, abusive or insulting language (verbal or written including on social media) , to staff, governors, parents, carers, volunteers, children and other users of the school premises will not be tolerated and will result in withdrawal of permission to be on school premises.

Access to School grounds

School premises are private property and therefore schools are free to decide who can access the grounds. Parents have been granted permission from the School to be on school premises. Under [section 576 Education Act 1976](#), “parent” includes a child’s natural parents, anyone with Parental Responsibility for the child or anyone who is caring for a child. The public has no automatic right of entry onto school premises.

If **an** individual displays or engages in concerning, threatening or abusive behaviours towards staff, pupils or other parents, school may ban those individuals from entering school grounds or building(s).

It is an offence under section 547 of the Education Act 1996 for any person (including a parent) to cause a nuisance or disturbance on school premises.

Can there be criminal consequences to breaching a barring order?

Under [section 547 Education Act 1996](#), it is a criminal offence for a person who is on School premises without lawful authority to cause or permit a nuisance or disturbance. School staff have a right to make a report to the police and request their assistance under such circumstances.

The school is not responsible for organising arrangements for children in the above circumstances. The responsibility to make alternative arrangements for bringing children to school is that of the parent/ carer.

- Disrespecting religion or belief;
- Inappropriate posting on social networking sites which could bring the school into disrepute or be deemed as bullying or a [hate](#) related comment

Inappropriate use of Social Networking Sites:

Social media websites and apps are being used increasingly to fuel campaigns and complaints against schools, headteachers, school staff, and in some cases, other parents/pupils.

The Governors consider such use of social media and apps in this way as unacceptable and we believe that this can never be in the best interest of the children or the broader school community.

Any concerns you may have must be made through the appropriate channels by speaking to the class teacher, senior leader, the headteacher or the Chair of Governors, so they can be dealt with fairly, appropriately and effectively for all concerned. Please note, discussions about individual children can only be held with those who have [parental responsibility](#) and/or in line with [General Data Protection Regulation](#).

In the event that any pupil or parent/carer of a child/ren being educated in our school is found to be posting libellous or defamatory comments on Facebook or other social network sites, they will be reported to the appropriate 'report abuse' section of the network site. The school will also request that the individual responsible removes the offensive content immediately.

In serious cases the school will also consider its legal options to deal with any such misuse of social networking and other sites. This extends to any other defamatory or libellous behaviours.

Cyber bullying is the use by one child or a parent to publicly humiliate any member of the school community via technology based systems. This will be dealt with as a serious incident of school bullying.

Unacceptable behaviour may result in the Police being informed.

The school reserves the right to take any necessary actions to ensure that members of the school community are not subjected to abuse.

Procedure to address inappropriate behaviour by adults in our School Community

Broad Oak Primary School operates ‘**zero tolerance**’ of the use of inappropriate behaviour anywhere on the School site or via social media.

***Inappropriate behaviour means disrespectful conduct towards people or property within the school site or via social media.*

We expect:

- That adults set a good example to children at all times, showing them how to get along with all members of the school and the wider community
- That no members of staff, parents or children are the victims of abusive behaviour or threats from other adults on the school premises or via social media.

All staff and governors agree that any adult found to be using inappropriate behaviour towards other adults or children should be dealt with using the following steps:

An adult approaches a child	The adult will be spoken to immediately and the issue investigated by a school leader. This will be reported to the Headteacher and recorded. The adult will receive a warning letter.
A parent/ adult approaches another parent.	The parent should report this to a member of staff or a school leader. The offending parent/s will be spoken to as soon as possible after the incident and reminded that we have a zero tolerance of inappropriate behaviour. A letter will be given to the parent/s. This warns a parent that if it recurs they could be banned from the School site under section 547 of the Education Act 1996.
A parent/adult approaches a member of staff	This should be reported immediately to a member of the Senior Leadership Team. This will be investigated as soon as possible and the member of staff will be informed of the action taken. The parent/adult will be spoken to and given a warning letter. This warns a parent/s that if it recurs they could be banned from the school site under section 547 of the Education Act 1996.
Recurring inappropriate behaviour	If a parent/s (or other adult) continues to use inappropriate behaviour, they will be reminded how anti-social behaviour, when not corrected, can lead to interventions with the Headteacher and Governors. This can then lead to a ban from the school site under section 547 of the Education Act 1996. School may also consult with the Police and Local Authority at any time for further advice and support.
