

Areas of the curriculum to be taught separately

Maths:

Problem Solving
Revision of Year 6 learning

Science:

Light

Games and PE:

Yoga and Outdoor and Adventurous

Music:

Music for Film
Theme and Variation: Pop Art

Latin:

Third Group Nouns

RE:

What is the importance of the Eucharist to Christians

Computing:

Introduction to Spreadsheets

Art:

The drawing journey

NYC

NYC is a geography focused topic that will see the children build their locational and place knowledge; explore human and physical geographical features; and enhance their geographical skills and abilities to conduct fieldwork.

To begin with, we will revisit, revise and enhance our knowledge of areas such as the continents, oceans, hemispheres and biomes and the Equator and Tropics of Cancer and Capricorn.

Next, we will delve deeper as we compare and contrast the physical and human similarities and differences of the localities of Liverpool and NYC and their surround areas.

Throughout, we will use maps, atlases, globes and digital/computer mapping to locate the two chosen locations and to describe their features.

L.E.A.R.N.

We will be continuing to enforce our L.E.A.R.N philosophy. We will give out a reward that is specific to one of the criteria, each half-term.

How you could help at home

- Providing support with:
 - Times tables, e.g. via TT Rockstars.
 - Daily reading and finding time to discuss your child's understanding of what they have read.
 - Home learning activities, including Maths.
- Supporting their transition to high school.
- Ensuring that they have the correct kit and equipment.

Our Year 6 Christian value is 'Respect'.
