

# 2019/20 Sport and P.E. highlights

We enjoyed active maths lessons. Working as a team, we solved mathematical questions in relay.

Therapy dogs came into school which made us all feel better about the world.

We took part in lots of competitions and festivals including: football, netball, badminton, cross-country, multiskills, dodgeball and athletics

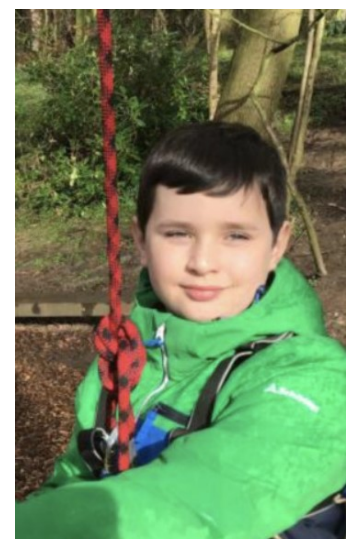

We also enjoyed an outdoor adventure residential trip to Winmarleigh Hall.

We held our own cross-country event in Castle Park as well as a regular running club with parents.

We had a visit from an actual Olympian!

P.E. lessons were fun too.

Janice joined us again for a judo demonstration and she continued with her breakfast club.

The year ended in a very unique way... with a toilet roll pentathlon (homeschool virtual sports day).
