

Online Safety Support for Parents

At St. Bede's Catholic Infant School, keeping children safe online is a priority. We recognise that children are accessing digital technology at an increasingly young age and we are committed to supporting parents and carers in helping children stay safe.

Below are trusted websites that provide practical advice, guidance and support for families.

UK Safer Internet Centre

A central hub for online safety advice in the UK. Includes tips, resources and guidance for parents on a wide range of online issues.

<https://www.saferinternet.org.uk>

NSPCC - Online Safety

Offers clear advice for parents on how to keep children safe online, including guidance on conversations, privacy settings and recognising risks.

<https://www.nspcc.org.uk/keeping-children-safe/online-safety>

Childnet

Provides a 'Parents and Carers Toolkit' with practical advice for supporting primary-aged children online.

<https://www.childnet.com>

National Online Safety

Offers detailed guides for parents on apps, games and social media platforms, helping you understand the risks and safety settings.

<https://nationalonlinesafety.com>

Internet Matters

A Government-backed resource with advice on parental controls, screen time and age-appropriate online use.

<https://www.internetmatters.org>

CEOP (Child Exploitation and Online Protection)

Provides advice on reporting online concerns and keeping children safe from online harm.

<https://www.ceopeducation.co.uk>

Parent Zone

Supports parents in understanding digital life, including online behaviour, wellbeing and resilience.
