

Year 5 Summer Curriculum Presentation

IT'S ALL GREEK TO ME!

Ancient Greek Myths!

This term, we have read and learnt lots about many Ancient Greek myths. We learnt that a common feature of a myth is that there is often a terrifying, ferocious beast that a brave hero needs to defeat. After reading the myth of Theseus and the Minotaur, we decided to write our own Greek myths based on the story. However, we adapted our myth to not have a Minotaur at the centre of the labyrinth... But a fire-breathing, monstrous dragon that we designed!

The Silver Dragon
The dragon is a mythical creature that is often depicted as a large, winged, scaly creature with a long tail. It is said to be a fire-breathing creature that is often found guarding treasure. The silver dragon is a rare and valuable creature that is often found in the mountains. It is said to be a fire-breathing creature that is often found guarding treasure.

It's all Greek to me!

The Draco Occidentalis
Magnas

The Vowens

The Saffron

The Dartanious Maximus

Dragon Magnus

The Grace Dominious

The Museum

The Draco Magnus

The Magnu

The Draco Vulcanous

The Black Fireball

The Fiery Phoenix

Greek Salad

As part of our Design and Technology unit, we have learnt all about the ingredients of a Greek salad and compared it with the seasonal ingredients found in British salads. We then designed our own salads with the ingredients we would like to include and made them, using the necessary skills to cut, chop, grate and slice vegetables!

Year 5 Ancient Greek Day

Finally, to celebrate the end of our topic work on Ancient Greece, we took part in an Ancient Greek themed day. During the day, we completed activities which involved, leaf crown making, Greek vase design making using scratch painting and finally a mini Olympics!
