Linked to their history unit on local history, children explore how the war affected everyday life in their area. The focus text 'Letters from the Lighthouse' by Emma Carroll, along with war poetry, helps bring the era to life through personal stories and reflections. In DT, children engage in a Make Do and Mend project, inspired by WWII designers Victor Stiebel and Norman Hartnell, learning the importance of resourcefulness. This is complemented by an Art unit where they create poppy flowers using four to six sewing stitches, honouring the poppy as a powerful symbol of remembrance for those who lost their lives in war. To deepen their understanding of WWII, children will take part in an exciting workshop using authentic artefacts and visit the Imperial War Museum. They will also explore the important role of music and dance during

Home Learning

Spellings: Children will be given an age-appropriate spelling list every Monday in their Planner and will be tested the following Monday.

Reading: In order to be competent readers, children need to read regularly at home and school. Parents/Carers are asked to encourage their children to read regularly and to read for pleasure.

We ask the children to write the page numbers they have read (each time they have read) in their Year 6 planners and parents/carers to sign their child's planner weekly. We expect a minimum of **three** entries a week. This is an ideal opportunity to question your child on their understanding of the text, to improve their comprehension skills and vocabulary. In Year 6, planners must be brought into school daily and teachers will sign and monitor them every Monday. Children will be given opportunities to change their reading book when they need to.

Library: Children will have the opportunity to choose and change their library book throughout the week. Year 6 children are expected to bring a reading book to class **daily**.

Homework: Children will be given a weekly home learning booklet featuring Maths and English every **Monday**, to consolidate the learning that has taken place in school. This needs to be returned to their child's class teacher by the **following Monday**.

Multiplication Tables: Children have got access to **TT Rockstars**, a maths programme focusing on multiplication tables [link](#). Please encourage your child to use this online programme on a regular basis. If you do not know your child's username and password please contact helpdesk@saintwilfrids.wigan.sch.uk stating your child's full name and class.

Home Learning Project: Children will be set a Home Learning Project, related to their termly focus theme. This is usually a practical task, which families can work with children on together and share in school.
