| Summer | Number Fractions | | | Measurement Time | | | Statistics | | Geometry Position and direction | | Consolidation | |

We use White Rose Maths as our main scheme of learning within Maths across the school and the materials are used to support our teaching. Other materials are used from different sources to ensure children have a broad and balanced Maths curriculum. It is important to note that from January onwards in Year Two, lesson objectives are aided by the Key Stage One Teacher Assessment Framework and SATs preparation commences.
